- Single adjustable carriage handles paper or poly bags in widths from 11" to 20"
- Filling spout moves into bag for minimal dust
- Bag infeed system delivers accurate placement
- even if bags are wrinkled or stacked inconsistently
- Shaker/saddle design cuts adjustment time and improves product settling
- Fast and easy tool-free changeover
- Positive auger control handles a variety of products while minimizing dust
- Computer control allows automatic fill-time adjustments while making a variety of data available
- Tube-in-bag filling provides better product and dust control

# Automatic Open-Mouth Bagger

## Series 7115XC

Thiele's Series 7115XC Automatic Bagger is a simple, reliable, highly accurate system for bagging free-flowing products. The system's specialized "duck bill" filling spout moves into the bag prior to filling to reduce dusting. The 7115XC handles up to 20 bags per minute.

### Key Benefits

- Increased accuracy
- Spillage reduced
- Simple maintenance
- Tool-free changeovers for decreased downtime
- Reduced dusting

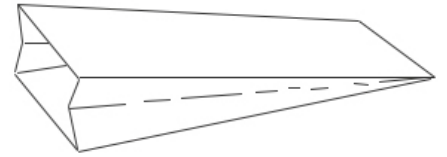

### Industries

- Pet Food
- Sugar
- Salt
- Seed
- Fertilizer
- Rice
- Chemical

### Additional Features

- 304 stainless steel product contact surfaces
- PLC scale control
- External sealers available
- Down-stream conveyor
- EWON available
- Exit belt assembly
- Gravity scales

### Accommodates Many Bag Types

Gusseted sewn open-mouth or pinch-bottom paper bags
